

# FLUSHING SCHOOL NEWSLETTER

## JANUARY 30th 2026

Dear Families,

What a wet week! I hope you have all been getting about safely.

It was lovely to hear about Starfish's adventure to the Maritime Museum this week, they had a wonderful time exploring!

I wanted to let you know about an exciting teaching and learning project that we have been working on in school. The staff have been working with Nicola Bray who is a school development expert who works for the diocese and the Rainbow MAT. As part of the project, we have been implementing some new expectations with the children when being taught. We call them STAR behaviours and the acronym is for:

S - Sit up

T - Track (face) the speaker

A - Attention

R - Respect

The children are doing a great job and you may see the new STAR dojo award popping up when your child has been noticed showing STAR.

We can already see an impact on learning and we are excited to see how the project will help us further develop in the coming months here at Flushing.

The Village panto is nearly here! As I mentioned last week, they are incredibly supportive and generous to the school. Please consider supporting them and enjoy a fun evening out.

With best wishes for a peaceful weekend,

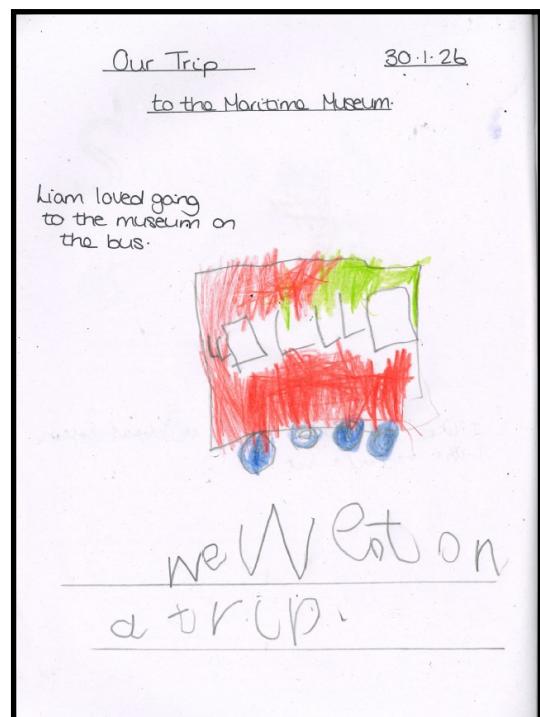

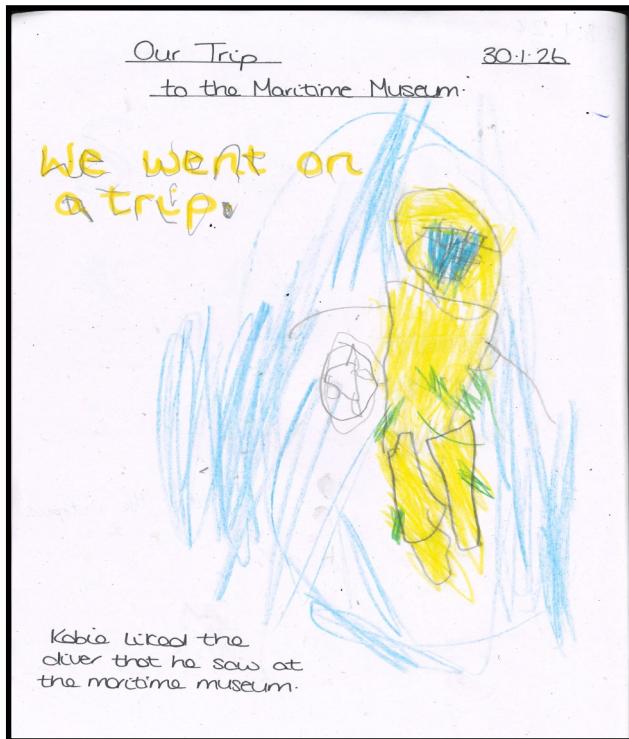

Mrs Power

## SWORDS, SWORDS, SWORDS

The swords are on tour! The Hall of Swords have bought out a collection for you to look at, learn about and handle!

Join the traveling Swordstorian (a person who knows about swords) as he leads you on a tour of some choice blades from myth, legend and history. With the chance to ask questions, look up close and maybe even try out....

This event combines; theatre, storytelling, demos and interactivity meant to inspire and bring the past to life!

Suitable for ages 5 +

This show runs for approximately 45-60 mins followed by a chance to take a closer look at some of the props.
