

FLUSHING SCHOOL
NEWSLETTER
February 6th 2026

Dear Families,

Thank goodness that we are finally seeing some signs of Spring. The bulbs the children planted in the Autumn are beginning to flower by the front door and are brightening our days.

In worship, we have been learning about our next 'glue'. Our glue sticks all of our learning, friendships, values and our school together.

This week we thought about how we collaborate:

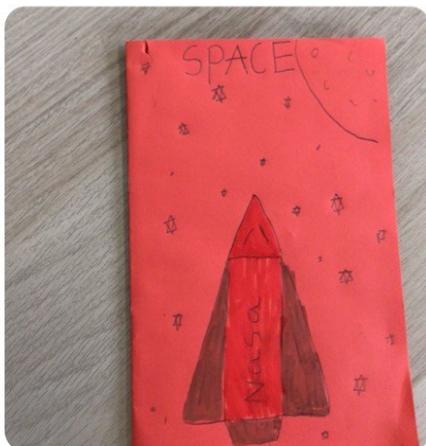

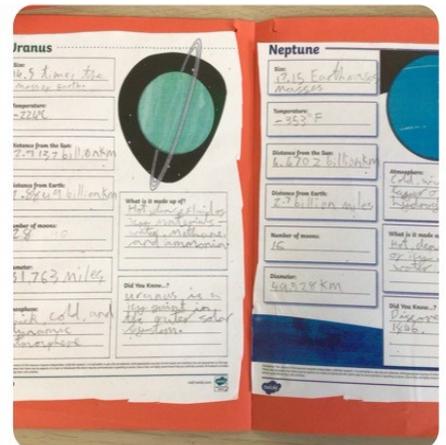

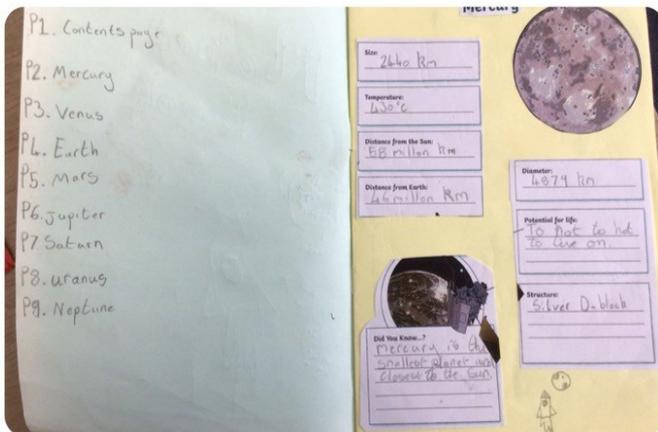

The children enjoyed talking about how our Cornish gig rowers collaborate to win races and we talked about the many ways the children work together to make their own successes. We certainly see them showing team work every day with their support for one another.

On Monday afternoon, we are delighted to be invited to watch the village panto. We hope to be back by 3.15 but may be a couple of minutes late. It's not too late to book seats next week for the evening shows!

With very best wishes for the weekend,
Mrs Power

Dolphins class have been busy making fact files about Space. This is just a small section of their fantastic writing and presentation skills.

Starfish class this morning have been busy making sandwiches as part of their instructional writing. You can see below they all were having fun.

A selection of photos from this afternoons reading session between the children, parents and grandparents. Thank you to you all for coming and reading with your child.

Thursday 5th March
