

Read Write Inc Parent Information Booklet

What is RWI Phonics?

Read Write Inc. is a government backed phonics scheme designed by Ruth Miskin, which through systematic teaching and consistent routines, enables children to achieve high levels of reading success. At Flushing Primary School we believe that reading is the key to all learning and we are fully committed to making sure that every child is a reader by the end of KS1.

How does RWI ensure success?

Each child is carefully assessed and placed into a RWI group based their phonics sound knowledge and reading skills. This ensures that all children are working at the right level for their ability which is the best way to ensure progress and confidence in their reading skills. Groups are assessed every half term (6 weeks) and children are moved accordingly to either accelerate progress or provide further consolidation. Children will be given targeted intervention or additional 1:1 support during afternoon sessions if needed. This compilation of rapid acceleration, streamed groupings and targeted support all helps to ensure our children are confident readers.

How will my child learn to read?

Children are taught the early sounds in Set 1. This covers the alphabet and a few 'special friends' which are two letters which make one sound such as 'sh'. They will learn to spot and recognise them quickly through fun activities and also to write them using 'phrases' to help them remember the correct formation.

Using these simple sounds, children will learn to 'blend' words together so c-a-t becomes cat. To help the children do this, we have a lovely green frog called Fred! He can only talk in sounds so the children put the sounds together to make the word. We call this 'Fred Talk'. This is also used in early reading, as when children see a new word they can use 'Fred Talk' to break down the sounds and then say or read the word. Similarly, this supports early writing skills as children use 'Fred Fingers' to break down a spoken word into its sounds to enable them to write the word. We use the phrase 'Say the word – pinch the sounds' to help children remember.

When they are confident with blending and know all of their Set 1 sounds, the children will move onto Set 2 sounds and then Set 3 sounds, which introduce alternative spellings for sounds they know and more special friends. They may begin to use 'Fred in their head' to read more quickly and fluently, which helps to build up speed, however this stage is also tricky for children as they need to be able to spot 'special friends' easily within new words.

Words which can be decoded are called 'Green Words' as they can be deciphered using phonics knowledge. Unfortunately, there are lots of words in the English language that do not follow these rules ... they are called 'Red Words' or tricky words and need to be learned by sight. We use the phrase 'If it's red - it's hard to Fred' to remind children.

When faced with an unfamiliar word we use the phrase 'Special friends – Fred talk – Read the word' as this reminds them that it is important to spot the special friends before attempting to read the word. To further consolidate this we also use 'Alien Words' which are made up words that do not make sense. These words test to see if the children can spot any special friends and that they have good sound knowledge, rather than recognising familiar (or sense) words and using memory rather than reading skills. This technique is also used in the National Year 1 Phonics Check.

By moving through the carefully designed stages (or colours) of books which consolidate the sounds learned at the right time, children will gain speed and confidence in their reading ability. As reading becomes more fluent, children begin to understand the stories they read and can enjoy the books. As part of the RWI sessions they will read their group books a total of three times; to support learning new speedy green words and more tricky red words, to investigate vocabulary and to build expression known as their 'storyteller voice'.

They will also complete comprehension activities as part of each book to ensure they know word meanings and can find and retrieve information as well as give opinions about the story or link to other books they know or life experiences.

What are the expected time scales?

The scheme provides a strict routine and is very fast paced. Children will learn a new sound per day so full attendance is vital! As all children learn at different paces, some will find reading easy while others find it hard. We aim to support pupils thorough 1:1 or group interventions if necessary and may ask that further work is completed at home to allow them to 'keep up'. It is therefore hoped that all children will finish the phonics scheme by the end of Year 2.

Complex Speed Sounds											
Consonant sounds											
f	l	m	n	r	s	v	z	sh	th	ng	
ff	ll	mm	nn	rr	ss	ve	zz	ti		nk

u-e			oor	are	ur	ow	oi				
ue			ore	er	er						
ew			ore	er							
			aw								
			au								

How can I support my child with reading?

Whilst your child is learning their Set 1 sounds we recommend you read their 'Reading for Pleasure' library books. This is a book that they are interested in and have chosen to enjoy with you. They can look at the pictures and spot letters or sounds that they know to build confidence but most importantly they should hear you read the book with expression in order to absorb the rich language and vocabulary within in and learn to love story time.

When your child is learning to blend, they will be given RWI Blending books. To help your child with these, ask them to try to 'Fred Talk' the word and blend it together ... when they turn the page they will see if they were right! Encourage them to sound out carefully using pure sounds and give lots of praise and support for effort and success. You should also continue to read their library book and encourage them to spot any sounds, special friends or words they know to boost rapid identification by sight.

Once confident in blending, children will begin to receive RWI ditty sheets or books. This will be unfamiliar to your child so read the opening instructions on the front page carefully before reading. The ditty sheets and books allow children to apply their reading skills and are matched to the sounds they have been taught so far.

Books - In the first read your child will be focussing on reading each word individually and it may seem robotic. In this phase very little comprehension of the story is likely. In the second read, their word recognition will become quicker allowing a faster pace and better understanding of the story. In the third read, the speed should be much quicker and therefore the child is using more brain power to understand the story rather than on reading each word. This is the point when the story becomes meaningful and pleasurable and they can answer questions based on the content. There are questions at the end of the book to check understanding and promote discussion of the story. Please take the time to complete these activities as there are the early comprehension skills which are built upon throughout school.

It is recommended that all reading should take place in a calm and quiet environment, a story before bed time or snuggled on the sofa without distractions of the TV etc so the focus can purely be on the reading enjoyment. It should be relaxed and enjoyable and lots of praise should be given when children are successful. Please try not to get frustrated if your child is struggling as this likely to put them off trying, instead encourage them to sound out words using Fred Talk and help them to blend and then praise for being successful.

Don't forget that even if your child can read RWI books it is still important for them to regularly hear you read in order to learn expression. This will remove some of the pressure on them and also helps to improve their vocabulary levels as the books they listen to can be for any age. They will still be bringing home a library book of their choice so make sure to include this in the weekly routine if you can. Audio books are also helpful and can be a good technique for settling and relaxing children before bed or as part of longer car journeys.
